

NEW LEASE PAYOFF AND DEALER BUYOUT OPTIONS ON DEALERCONNECT

Obtaining lease payoff and dealer buyout information is now available on the Chrysler Capital Dealer Website via DealerCONNECT.

This feature provides access to lease payoffs and dealer buyout information directly from the Chrysler Capital Dealer Website accessible through DealerCONNECT. Additionally, there is a print function for your convenience.

Lease payoff

A lease payoff includes the contracted residual, any remaining payments, the purchase option fee and any additional fees due. Upon receipt and processing of funds, title is released to the dealer. Important note: lease payoffs should not be grounded in Chrysler Direct.

Lease buyout

Chrysler Capital's dealer buyout option offers dealers the ability to pull customers out of leases early to put them into a new FCA vehicle. Early termination fees are waived, the dealer agrees to make the remaining payments and the grounded vehicle is then sold through Chrysler Direct or an auction. The customer remains responsible for any outstanding items, including excess wear, over mileage and disposition fees. (Disposition fee may be waived if the customer leases a new FCA vehicle through Chrysler Capital.) Important note: lease buyouts must be grounded through Chrysler Direct.
