**In the event the vehicle is returned prior to the final payment due date, the customer's early termination charge cannot be determined until after the sale of the vehicle. However, the early termination charge will not exceed the Dealer Buyout amount noted above (total of remaining payments + known excess wear/tear and mileage charges that the customer would have owed if the lease were terminated at the end of the lease term). If the early termination charge is lower than the Dealer Buyout amount, the customer may receive a refund for any prepaid amounts that exceed the total early termination liability. NOTE: Additional amounts assessed after the date of this quote may still be owed by the customer.
