

Effective immediately, the only document required to fund under the FCA US Sold Order Consumer Incentive Protection Program is a copy of the **Incentive Configurator**. The configurator must reflect the following:

- » Sold order date
- » Delivery date (matching the contract date)
- » Incentives honored

What is protected?

- » Incentivized APRs
- » Incentivized Lease Money Factors and associated residuals

What is not protected?

- » Standard Retail Rates
- » Standard Lease Money Factors
- » Residuals, when the Lease Money Factor is standard
- » Acquisition Fees

Please note, the dealer must follow all requirements outlined in the Gold Book, but Chrysler Capital will now only need the Incentive Configurator, with the information outlined above, in order to fund.

For additional information regarding the FCA US Sold Order Consumer Incentive Protection Program, please contact the Incentives Assistance Center at 800-227-0757.
